

Welcome!

Bringing a child to the library is one of the best things you can do for them!

Here's why:

- 📖 Kids who see their parents and other adults reading will grow up believing that reading is important, and will want to read, too.
- 📖 Different kids like different kinds of books and stories. The library has lots of different kinds, so we can find books that suit your child's interests.
- 📖 Kids who start visiting the library when they're young are much more likely to keep reading and coming to the library as they grow up.
- 📖 Taking care of library books and bringing them back on time is a good way to learn responsibility.

Ask a librarian about any or all of the services listed!
