

Teachers and the Library

Working Together

What we've got

What we can offer you:

-  Library tours
-  6-week book block loans for your classroom
-  Story time and book talks
-  MaPLE Labs—library-use activity kits on topics like robotics and crafts
-  Online resources, including:
 -  Research databases for all ages
 -  Tumblebook Library —educational games, interactive picturebooks, and ebooks for all grades

If you would like your students to get library cards when they come to the library, you'll need to do some advance work, and we'll need at least a week's notice.

We can provide you with forms that the parents will need to fill out and sign, the form includes all the information we need to create cards for the student, including the written permission we require from the student's parent or guardian, since they are still a minor. These completed forms will need to be dropped off at the library a week before your tour date. When you come to the library, the students will need to sign their library card.

Online Resources

Classroom Tours

We'd be glad to set up a library tour for your class, geared to your group's grade level. Not only will we show you around, we can point out the areas that would be of interest to your students, read your class a story or two, or give a short information session on how to use the catalog, how to do research, or how to use some of the other resources we have.

You can arrange for any of your students who don't have library cards yet to get a card. This is good preparation for research projects or for participation in the summer reading program that happens over the holiday months—a great way to combat the summer slide.

Anyone who is a resident of Winkler, Morden, Altona, the RM of Stanley, Rhineland Municipality, RM of Thompson, or RM of Pembina can get a library membership at no cost. **Students who live outside our catchment area but attend a local school can get a card for a one-year term by showing their student ID card or bringing a letter from the school confirming that they are enrolled there.**

Keep In Mind...

Often, the students who would benefit most from the library are the ones who don't know it's available to them. Bring them to us, and help them to sign up for cards. The more familiar the library is to them in early years, the more likely it is that they'll keep coming over holidays and throughout their lives.
